

**Lauriane Bibal**

“Patents” diploma from CEIPI. Lauriane graduated in physics and chemistry at Ecole Supérieure de Physique et Chimie Industrielle de Paris (ESPCI).

Lingue: native French speaker, fluent in English, basics in Spanish.

Aree di competenza:  
Brevetti

Sede: Parigi

## **Work experience**

During graduation, Lauriane worked as an intern at Philips Research Center in Cambridge (UK). She was working on the development of a biosensor based on electrochemistry. She then worked as an intern in a research laboratory of ESPCI specialized in physical and mechanical behaviors of heterogeneous fields. After graduation, Lauriane worked as an intern at Coralys & Harle Phelip, a French IP firm. In 2014, she was employed by Coralys & Harle Phelip which merged with Jacobacci Group.

## **Professional focus**

Lauriane has recently obtained the diploma “Patents” from the CEIPI (Center for International Intellectual Property Studies), in Strasbourg. She thus has general knowledge in French, PCT and European patent Laws. She is currently a junior patent engineer who has drafted and prosecuted French, PCT and European patent applications relating to engineering subject-matter.

## **Areas of expertise**

Lauriane mainly works on engineering matters and has particular expertise in the fields of mechanics, physics, optics, agro-food biotechnologies, and physics and chemistry of materials.
